Emergency Action Plan

If my dog were to get sick or injured

Who could help you get your dog to the vet? Who could help you care for them after they get home if necessary?

Name _____

Make sure these people know that they are your emergency help and that they are comfortable and able to drop what they are doing to help you and your dog in an emergency.

If I were to get sick or injured

Who could help care for your dog if you were sick, injured or in the hospital?

Name _____

Ideally, these people should be different from the person(s) who may be caring for you during this time. It is best that you don't overburden your support network.
